ABSTRACT

The abstract, written in Times New Roman 12 font, must contain a maximum of **500 words**. It must clearly present the objective of the work carried out, the adopted approach, the used tools (experimental, theoretical or modeling), as well as the main results obtained. The authors must show that the work presented in the framework of their communication is directly related to the theme of unsaturated soils. The summary can be written in Arabic, French or English.

Keywords: The Authors can specify a maximum of 7 descriptive keywords of the presented work.

Theme: The Authors must specify the theme of the conference in which their communication takes place (example: Theme 3).
